

		Module Clusters						
Semester	ECTS	Focus	Land Management sciences		Geospatial Engineering sciences		Planning, policy and governance sciences	
1. Semester	30 ECTS	Introduction	Land management 5 ECTS	Property rights and land tenure systems 5 ECTS	Photogrammetry and Remote sensing 5 ECTS	Geodesy 5 ECTS	Elective 5 ECTS	Elective 5 ECTS
2. Semester	30 ECTS	Advanced	Landscape management 5 ECTS	Land administration and land information systems 5 ECTS	Geoinformatics 5 ECTS	Decision support systems 5 ECTS	Elective 5 ECTS	Elective 5 ECTS
3. Semester	30 ECTS	Area of concentration	Systems of land use and land rights orientation - 6 elective modules of 5 credits - 30 ECTS					
			Geospatial engineering for land, water and forestry applications management orientation - 6 elective modules of 5 credits - 30 ECTS					
			Planning, policy and governance orientation – 5 elective modules of 6 credits 30 ECTS					
4. Semester	30 ECTS	Research	Master thesis 30 ECTS
