

The Professorship of Human Spaceflight Technology is looking for a HiWi for the Space Station Design Workshop (SSDW) 2026!

What is the SSDW?

The Space Station Design Workshop (SSDW) is an international and interdisciplinary one-week workshop aimed at students, graduates and young professionals with the aim of designing a space station. In 2026, it will take place at the TUM Campus in Ottobrunn between **August 22nd to August 28th, 2026**. As support for the organization and realization of the workshop, we are still looking for a HiWi!

Requirements:

- Background knowledge in space exploration
- Proactive and structured working style
- Good communication skills

HiWi Tasks:

- Prepare workshop material
- Gather relevant information from participants and experts
- Send out relevant information to participants and experts
- Prepare and do teambuilding activities with the participants at the start of the workshop and a fun activity in the middle of the workshop
- Set up and prepare the rooms and infrastructure for the workshop
- Assist in upcoming tasks during the workshop
- Assist in preparing and setting up relevant infrastructure for the networking events during the workshop
- Wrap up of the workshop & update of the SSDW guide

Start of the HiWi contract in March until the end of September.

If you are interested, please send us an email to bewerbung.hsp@ed.tum.de with CV, transcript of records and a short motivation letter until January 11th, 2026.
