

ESPACE MSc, 2. Semester Schedule, Summer Semester 2021

SS Lecture Period: 12.04. - 16.07.2021

| | Monday | Tuesday | Wednesday | Thursday | Friday |
|-------|-------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------|
| 08:00 | | | | | |
| 09:00 | | | | | |
| 10:00 | 10:00 - 11:30 On-Orbit Dynamics and Robotics (Harder, Biswas) Room MW 2050* LV-Nr:820090348 | 9:45 - 11:15 Seminar Earth Observation Satellite Data Analysis (Gruber) Room 0790 LV-Nr: 0000005362 | | 9:45 - 11:15 Mie Theory and Radiative Transfer (Efremenko) Room 2609 LV-Nr: 0000005360 | 9:45 - 12:15 Estimation Theory (Bamler) Room 0120 LV-Nr: 820960649 |
| 11:00 | | | | | |
| 12:00 | 11:45 - 14:30 S Lecture & Tutorials (Rott) Room MW 1250* LV-Nr.: 240571821 LV-Nr.: 0000002138 | 11:30 - 13:00 ESPACE Seminar** (Seitz) Room 0790 LV-Nr: 0000004591 | | | |
| 13:00 | | | 13:15 - 14:45 Lab Estimation Theory** (Kömer) Room 0790 LV-Nr: 0000004173 | 13:15 - 14:45 ESPACE Seminar** (Seitz) Room 0790 LV-Nr: 0000004591 | 13:15 - 14:45 Differential Navigation** (Günther) Room N3815 LV-Nr: 0000002912 |
| 14:00 | | | | | |
| 15:00 | | 15:00 - 16:30 Differential Navigation** (Lülf) Room 0790 LV-Nr: 0000002912 | 15:00 - 16:30 Applied Remote Sensing*** (Strunz) Room 0120 LV-Nr.: 0000001052 | | |
| 16:00 | | | | | |
| 17:00 | | 16:45 - 18:15 Advanced Orbit MACHENICS (Hugentobler) Room 2609 LV-Nr: 0000000020 | 16:45 - 18:15 Earth Observation Mission Engineering and Ground Infrastructure*** (Diedrich) Room 0120 LV-Nr: 0000005364 | | |
| 18:00 | | | | | |

*) Rooms MW2050 and MW1250 are located at the campus in Garching

**) The course does not take place each week. See separate announcement by the responsible lecturers.

***) Applied Remote Sensing and Earth Observation Mission Engineering and Ground Infrastructure takes places in blocks from 15:00 to 18:15

Dates for Applied Remote Sensing: 14.04. - 02.06

Dates for Earth Observation Mission Engineering and Ground Infrastructure: 09.06. - 14.07.

Please notice: **All courses will take place online in summer semester 2021! Rooms are only indicated in case they are needed**
